Glass pure art | fair | exhibition May, 21st and 22nd 2022

Registration deadline: November, 30th 2021

Our motivation:

Glass is one of the most sophisticated materials for artists. The Association “Verein zur Förderung der Glaskunst in Österreich” has set itself the task of making known and culturally promoting the diversity of artistic work with glass in Austria.

Currently, there is no comparable event in Vienna with a focus on glass art. The value of artistic work made of glass gets lost in regular craft fairs with their variety of different artistic fields. We want to show how demanding this material is and how much practice it takes to turn this material into artistically valuable work.

Planned promotion of the event

- Social media (Facebook / Instagram)
- Press Releases
- Online advertising on various event platforms and on the homepage
- direct advertising at craft fairs (folders)
- Regional print media
